Wisconsin Notice and Consent for Human Immunodeficiency Testing

REQUEST FOR CONSENT

To evaluate your insurability, Industrial Alliance Pacific Insurance and Financial Services Inc. (the Insurer) requests that you be tested to determine the presence of Human Immunodeficiency Virus (HIV) antibody or antigens. By signing and dating this form, you agree that this test may be performed and that underwriting decisions may be based on the test results. A licensed laboratory will perform one or more tests approved by the Wisconsin Commissioner of Insurance.

PRE-TESTING CONSIDERATION

Many public health organizations recommend that, if you have any reason to believe you may have been exposed to HIV, you become informed about the implications of the test before being tested. You may obtain information about HIV and counseling from a private health care provider, a public health clinic, or one of the AIDS service organizations on the attached list. You may also wish to obtain an HIV test from an anonymous counseling and testing site before signing this consent form. The Insurer is prohibited from asking you whether you have been tested at an anonymous counseling and testing site and from obtaining the results of such a test. **For further information on these options, contact the Wisconsin HIV/STD/Hepatitis C Information and Referral Center (IRC) hotline at 1-800-334-2437.**

MEANING OF POSITIVE TEST RESULTS

This is not a test for AIDS. It is a test for HIV and shows whether you have been infected by the virus. A positive test result may have an effect on your ability to obtain insurance. A positive test result does not mean that you have AIDS, but that you are at significantly increased risk of developing problems with your immune system. HIV tests are very sensitive and specific. Errors are rare but they can occur. If your test result is positive, you may wish to consider further independent testing from your physician, a public health clinic, or an anonymous counseling and testing site. **HIV testing may be arranged by calling the IRC at 1-800-334-2437.**

NOTIFICATION OF RESULTS

If your HIV test result is negative, no routine notification will be sent to you. If the HIV test results are other than normal, the Insurer will contact you and ask for the name of a physician or other health care provider to whom you may authorize disclosure and with whom you may wish to discuss the test results.

DISCLOSURE OF TEST RESULTS

All test results will be treated confidentially. The results of tests will be reported by the laboratory to the Insurer. If necessary to process your application, the Insurer may disclose test results to others such as its affiliates, reinsurers, employees, or contractors. If your HIV test is positive, the Insurer may report it to the Medical Information Bureau, Inc. (MIB) as described in the notice given to you at the time of application. If your HIV test is negative, no report will be made about it to the MIB. The organizations described in this paragraph may maintain the test results in a file or data bank. These organizations may not disclose the fact that the test has been done or the results of the test except as permitted by law or authorized in writing by you.

CONSENT

I have read and I understand this Wisconsin Notice and Consent for Human Immunodeficiency Testing Form.

I voluntarily consent to this testing, and the disclosure of the test result as described above.
